This Book Contains Approximately  
14,400 Brands

---

NOTE. Where duplicates of brands are found they are explained by the fact that when the county recording of brands was done away with in 1909, all brands then on record in the various county books and that were certified to the office of the Board of Live Stock Commissioners according to law, had to be recognized and placed in the State Books. Since 1909 duplicates of brands are not permissible.

# NOTE.

As far as possible, the brands in this book have been arranged alphabetically, first under letters, secondly under figures and lastly under characters. Those beginning with characters are arranged as follows:  $- \ / \ \cup \ + \ \heartsuit \ \diamond \ \square \ \cap \ \triangle$

The single letters appear first in their different forms, then two letter brands, etc. A brand as J E will be found immediately after J E. Letters with bars to the right such as J — will follow J 9, after which are found the three story brands, thus  $\frac{J}{9}$ . J/ is found after  $\frac{J}{9}$ . J+ is found after J/9. J◇ after J+9. J□ after J◇9. JΔ after J□9.

Bars or quarter circles to the left of letters thus — J or — J2 etc., precedes letters or figures with bars above,  $\bar{J}$  or  $\bar{J}2$

The O's and circles have been placed together under the letter O. Wheels ⊕ and buckles ⊙ will also be found under the letter O, as will any brand with a well defined letter, as  $\text{I} \cdot \text{O} \cdot \text{C}$ .

Horse shoes will be found under the letter U. The figure one will be found under I. Letters connected thus B—O will be found under B E O. P under V F. + ^ or ⚭ under crosses, T under F 6. 2 under 2 T.

Brands of more than one letter or figure, having bars or quarter circles beneath, will be found in their alphabetical order, thus  $\underline{S} \underline{C}$  follows S C.

All brands with bars or quarter circles above will be found under the bars or quarter circles. The half diamond is classified under the letter A, therefore in looking for the  $\hat{2}$  it will be found under the A 2.

As a matter of convenience the miscellaneous brands have been indexed. If you wish to find an arrow brand look under A in the miscellaneous, hammer under H, knives under K, shoes under S or pipe under P, mill irons  $\sim$  under M, shields  $\nabla$  under S.

In describing the location of brands upon animals the following abbreviations have been used:

J for jaw	N for neck	S for shoulder	H for hip
R for ribs	T for thigh	B.S. for back of sheep	

Prefixed by L for left, R for right, B for both, E for either, designate the side. The letter H following the location of brand signifies horses, the letter C cattle. The word sheep is written out where space will allow. If the location is described thus L.S.H. B.S. L.R.C. it signifies left shoulder of horses, back of sheep, left ribs of cattle.

# WYOMING STOCK LAWS

## CHAPTER 21.

### State Veterinarian.

**Sec. 190. Appointment—Qualification.** The governor is hereby authorized to nominate, and by and with the advice and consent of the senate, appoint, during each regular session of the legislature, a competent veterinary surgeon, who shall be known as the state veterinarian. No person shall be competent, under the provisions of this chapter, to receive the appointment of state veterinarian, who is not, at the date of his appointment, a graduate in good standing of a recognized college of veterinary surgery, either in the United States, Canada or Europe.

**Sec. 191. Term of office.** He shall hold his office for two years. He may, however, be removed at any time by the governor for neglect of duty or other malfeasance in office, and, in case of a vacancy occurring in the office of state veterinarian from any cause whatsoever, when the legislature is not in session, the governor shall have the power to fill such vacancy by appointment; and any person so appointed to fill such vacancy shall give the same bond and perform the same duties as are prescribed for the state veterinarian by the provisions of this chapter, and shall hold his office for the unexpired term for which such appointment shall have been made.

**Sec. 192. Duties.** The duties of said veterinarian shall be as follows: To investigate any and all cases of contagious or infectious disease among domestic animals in this state, of which he may have knowledge, or which may be brought to his notice by any resident in the locality where such disease exists. It shall also be his duty in the absence of specific information to make visits of inspection to any locality where he may have reason to suspect that there is contagious or infectious disease; to inspect under the regulations of this chapter all domestic animals that may arrive at any railroad station in this state, when these animals are such as to warrant the presumption that they are intended to remain in the state, and are to be or may be used for breeding purposes therein. It shall be the duty of the owner, or in his absence, of the person in charge of such animals so arriving, to notify the state veterinarian without delay, and not to allow such animals or any of them to leave the place of arrival, until they shall have been examined by the veterinarian and his certificate obtained that all are free from disease. No animals pronounced unsound by the veterinarian shall be turned loose, removed or permitted to escape, but shall be held subject to the order of the veterinarian. Any person failing to comply with this provision shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than fifty nor more than five hundred dollars for each offence.

**Sec. 193. (As amended by chapter 96, S. L. 1911.) Authority to quarantine.** In all cases on contagious or infectious disease among domestic animals other than sheep or goats in this state, the State Veterinarian shall have authority to order the quarantine of the infected premises, and in case such disease shall become epidemic in any locality in this state, the State Veterinarian shall immediately notify the Governor of the state, who shall thereupon issue his proclamation, forbidding any animal of the kind among which said epidemic exists, to be transferred from such locality without a certificate from the State Veterinarian showing such animal to be healthy. Whenever it shall become known to the State Veterinarian that disease known as mange, itch, scabies or any other infectious or contagious disease exists among cattle, horses or domestic animals, except sheep and goats of any county, district or section of the state, it shall be the duty of the said Veterinarian to take such steps as will prevent the spread of said disease within the state, and said Veterinarian shall

have power as a sanitary measure to inspect and compel the dipping, spraying or other sanitary treatment as may be determined by said Veterinarian, of all such animals in the State of Wyoming, or in any county, district or section of said state, under such rules and regulations as the said Veterinarian may adopt, and the said Veterinarian may order the owner or owners or persons in charge of such animals to dip, spray, or otherwise treat all or any part of such animals as said Veterinarian may find to be infected or to have been exposed to mange or scabies, or other infectious or contagious disease. If the owner or owners or persons in charge of such animals so ordered treated, shall after reasonable notice to be determined by said Veterinarian, fail to dip, spray or otherwise treat such animals as ordered by said Veterinarian, then the said Veterinarian is hereby authorized to seize, or cause to be seized, dipped, or sprayed or otherwise treated, such animals; and to hold and sell the same, or such part thereof as may be necessary to pay all cost of said inspection, seizing, caring for, dipping, spraying or other treatment, together with cost of sale, and such sale shall be made at such time and place, and in such manner as may be prescribed by said Veterinarian after not less than three days, nor more than fifteen days' notice of the time, place and purpose of such sale has been given by said Veterinarian to the owner or persons in charge of such animals, and in case personal service of such notice cannot be had within the county in which the animals are being held by such Veterinarian, then such notice may be given either by personal service outside of said county or by advertisement in any paper selected by said Veterinarian; Provided, however, That the owner or owners of such animals so seized and held may, at any time prior to such sale, recover possession of the same upon payment to the State Veterinarian of the amount of costs incurred by order of the Veterinarian against such animals; and, Provided, further, That any sum realized from the sale of such animals over and above the amount of costs incurred against such animals shall be returned by the Veterinarian to the owner of such animals if known or can by reasonable diligence be found, otherwise to be placed in the estray fund subject to the laws; and provided, also, that the owner or owners or persons in charge of any stock imported into this state for breeding, dairy or other purposes, who do not have attached to the bill of lading of such stock, or in his or their possession, a certificate from a duly authorized United States or State Inspector showing such stock to be free from infectious and contagious disease, shall have such stock inspected and pay therefor the fees prescribed by law, but where said owner or owners or persons in charge have such certificate he or they shall submit it to said State Veterinarian for his approval and there shall be no charges made therefor, unless said State Veterinarian shall receive information causing him to determine that an inspection of such stock is necessary. Be it further enacted, that it shall be the duty of the State Veterinarian or Deputy State Veterinarian to collect the following inspection fees on all stock herewith enumerated imported into this state and inspected as hereinbefore provided: Horses, twenty-five cents; mules, twenty-five cents; asses, twenty-five cents; cattle, ten cents; swine, five cents. All of such fees so collected to be turned over to the State Treasury and reported as other state funds."

**Sec. 194. Diseased animals to be slaughtered.** In any case of epidemic disease where premises have been previously quarantined by the state veterinarian, as before provided, he is further authorized and empowered, when in his judgment necessary to order the slaughter of any or all diseased animals upon said premises, and of all animals that have been exposed to contagion or infection under the following restrictions: Said order shall be a written one and shall be made in duplicate, and there shall be a distinct order and duplicate for each owner of the animals condemned, the original of each order to be filed by the veterinarian with the governor, and the duplicate given to said owner. And, further, before slaughtering any animals, or animal that has been exposed only and does not show disease, the veterinarian shall call in consultation with him

two respectable practicing veterinarians or physicians, residents of the state, or if this be impossible, then two reputable and well known stock owners, residents of the state, and shall have the written endorsement upon his order of at least one of said consulting physicians or stock owner, stating that such action is necessary, and the consent of the owner or person in charge, before such animal or animals shall be slaughtered.

**Sec. 195. Burning of carcass.** It shall be the duty of the state veterinarian, or his regularly appointed deputy, who shall be a graduate of a legally chartered school of veterinary surgery in good standing, to condemn said animals before the proceeding of slaughter and to superintend the slaughter of such animals as may be condemned, except sheep and goats, and also the destruction of the carcass, which latter shall be by burning to ashes and shall include every part of the animal and hide, and also excrement as far as possible. He shall cause the said slaughter and burning to be done as cheaply as practicable and shall pay the expense from any contingent fund appropriated for his office taking proper vouchers for the same.

**Sec. 196. Annual report.** The state veterinarian shall make a report at the end of every year to the governor of all matters connected with his work, and the governor shall transmit to the several boards of county commissioners such parts of said report as may be of general interest to the breeders of live stock. The governor shall also give information in writing as rapidly as he obtains it to the various boards of county commissioners, of each cause of suspicion or first eruption of disease in each locality, its course and the measures adopted to check it.

**Sec. 197. Importation of stock may be restricted.** Whenever the governor of the state shall have good reason to believe that any disease covered by this chapter has become epidemic in certain localities in another state or territory, or that conditions exist which render domestic animals liable to convey disease, he shall thereupon by proclamation schedule such localities and prohibit the importation from them of any live stock of the kind diseased into this state except under such restrictions as he may deem proper. Any corporation or any person or persons who, after the publishing of such proclamation, shall knowingly receive in charge any such animal or animals from any one of said prohibited districts and transport or convey the same within the limits of this state shall be deemed guilty of a misdemeanor, and upon conviction, fined not less than one thousand dollars nor more than ten thousand dollars for each and every offense, and shall further become liable for any and all damages and loss that may be sustained by any person or persons by reason of the importation or transportation of such prohibited animals.

**Sec. 198. Notice of disease to veterinarian—Penalty for concealment.** It shall be the duty of any person or persons who shall have or suspect that there is upon his or their premises any case of contagious or infectious disease among domestic animals, to immediately report the same to the state veterinarian, and a failure so to do, or any attempt to conceal the existence of such disease, or to wilfully or maliciously obstruct or resist the said veterinarian in the discharge of his duty as hereinbefore set forth, shall be deemed a misdemeanor, and any person or persons who shall be convicted of any one of the above acts or omissions shall be fined not less than fifty dollars nor more than five hundred dollars for each and every offense, shall forfeit all claims to an indemnity for loss from the state, and upon conviction a second time shall, in addition to the above named fine, be imprisoned for a term not less than thirty days nor more than six months.

**Sec. 199. Examination of animals—Seizure of diseased animals.** The following regulations shall be observed in all cases of disease covered by this chapter:

First—It shall be unlawful to sell, give away or in any manner part with any animal affected with or suspected of contagious or infectious disease; and in the case of any animal that may be known to have been affected with, or exposed to any such disease within one year prior to such disposal, due notice of the fact shall be given in writing to the party receiving the animal.

Second—It shall be unlawful to kill for butcher purposes, any such animal, to sell, give away or use any part of it, or its milk, or to remove any part of the skin. A failure to observe these provisions shall be deemed a misdemeanor and on conviction shall be punished by a fine not less than one hundred dollars, nor exceeding five hundred dollars. It shall be the duty of the owner or person having in charge any animal affected with, or suspected of any contagious or infectious disease to immediately confine the same in a safe place, isolated from other animals, and with all necessary restrictions to prevent dissemination of the disease until the arrival of the state veterinarian.

The above regulations shall apply as well to animals in transit through the state, as to those resident therein, and the state veterinarian or his duly authorized agent shall have full authority to examine, whether in car, or yards, or stables, all animals passing through the state or any part of it, and on detection or suspicion of disease, to take possession of and treat and dispose of said animals in the same manner as is prescribed for animals resident in the state.

**Sec. 200. Approval of claims arising from slaughter of diseased animals.** All claims against the state arising from the slaughter of animals under the provisions of this chapter shall, together with the order of the veterinarian and the valuation of the appraisers in each case be submitted to the state auditor, who shall examine them without unnecessary delay, and for each one that he finds to be equitable and entitled to indemnity under this chapter, shall issue his warrant on the state treasurer for the sum named in the appraiser's report. All claims for indemnity arising under the provisions of this chapter, shall, before they are presented for payment to the auditor, be submitted to the state veterinarian, who shall fully inform himself of the facts connected with each claim; if he shall be of the opinion that the claim is legal and just, he shall approve the same in writing endorsed thereon; if he shall be of the contrary opinion, he shall reject it in like manner, and in all cases he shall express in such endorsement the reasons for his approval or rejection, as the case may be. If the state veterinarian shall reject a claim, it shall then, together with the endorsement of the veterinarian, setting forth his reasons for such rejection, be submitted for determination to a board of arbitration, to consist of three members, which shall be formed as follows: The state veterinarian shall select as one member of said board one stock grower, who shall be a resident of the county wherein the slaughtered animals for which the claim is made, ranged. The claimant shall select as such member of said board, another stock grower, who shall be a resident of the same county, and these two so selected shall choose the third member of the board from among the stock growers of the same county. The arbitrators shall have power to appoint a time and place for hearing; to adjourn from time to time; to administer oaths to witnesses; to hear the allegations and evidence of the parties, and to make an award thereon. All the arbitrators shall meet and act together during the investigation; but when met, a majority may determine any question. Before acting, they shall each be sworn before an officer authorized to administer oaths, faithfully and fairly to hear and examine the allegations and evidence of the parties in relation to the claim in controversy; and to make a just finding according to their understanding and according to the provisions of this chapter. The award of the arbitrators shall simply be to the effect that they find the claim legal and just, according to the provisions of this chapter; or the reverse, as the case may be. The award shall be in writing, signed by the arbitrators, or a majority of them and shall be forwarded by them with all the papers submitted to them, to the state auditor. If the board of arbitrators shall concur with the state veterinarian in rejecting the claim, their decision shall be final. If the board of arbitrators shall find that the claim is legal and just, then the said claim shall in all respects be held as though the state veterinarian had in the first place approved the same. In auditing any claim under this chapter, it shall be the duty of the auditor to satisfy himself that it does not come under any class for which indemnity is refused by this chapter, and he shall require the affidavit

of the claimant to this fact, or if the claimant be not cognizant thereof, then of some reputable person who is cognizant thereof, and the auditor may at his discretion require further proof. The indemnity to be granted shall be two-thirds of the ordinary value of the animal as determined by the appraisers, without reference to its diminished value because of being diseased. It shall be paid to the owner upon his application and the presentation of the proofs prescribed herein; and it shall be the duty of said owner to make such application within six months of the slaughter of the animal for which payment is claimed, falling which such claim shall be barred by limitation. These payments shall be made by the state treasurer as before provided, and from the fund provided by this chapter. The right to indemnity under this chapter is limited to animals destroyed by reason of the existence or suspected existence of some epizootic disease, generally fatal and incurable, such as rinderpest, hoof and mouth disease, pleuro pneumonia, anthrax or Texas fever among bovines, glanders among horses, and anthrax among sheep. For the ordinary contagious diseases not in their nature fatal, such as scab or hoof-rot in sheep, and epizootic influenzas in horses, no indemnity shall be paid. The right to indemnity shall not exist, and payment of such shall not be made in the following cases:

First—For animals belonging to the United States.

Second—For animals that are brought into the state contrary to the provisions of this chapter.

Third—For animals that are found to be diseased or that are destroyed because they have been exposed to disease before or at the time of their arrival in the state.

Fourth—When an animal was previously affected by any other disease which from its nature and development was incurable and necessarily fatal.

Fifth—When the owner or person in charge shall have knowingly or negligently omitted to comply with the provisions of the last two preceding sections.

Sixth—When the owner or claimant at the time of coming in possession of the animal knew it to be diseased, or received the notice specified in the first clause of the last preceding section.

**Sec. 201. Shall pay arbitrators.** Each member of boards of arbitration formed and acting under the provisions of this chapter shall receive for their services the sum of five dollars per day for each day they may be actually engaged and employed in the investigation of any claim, and shall be paid by the state veterinarian out of the "veterinarian contingent fund."

**Sec. 202. (As amended by Ch. 12, S. L. 1913.) Compensation—Deputy.** The State Veterinarian shall receive for his services the sum of \$2,400.00 per annum together with his actual necessary traveling expenses when in the performance of his duty, provided said actual necessary traveling expenses shall not exceed seven hundred and fifty dollars per annum.

The veterinarian is hereby authorized in his discretion to appoint a deputy, for the performance of whose duties the veterinarian shall be responsible, and who shall exercise such powers as may be deputed to him by the State Veterinarian. Such deputy shall receive not exceeding five dollars per day for the time actually employed. The appraisers herein provided for, shall each receive five dollars per day or part of day they may be actually employed as such, which shall be paid from their county fund upon the certificate of the justice who summoned them. The justice shall receive his ordinary fee for issuing a summons, to be paid out of the county fund. The members of the board of health, veterinarians, physicians, or stock owners, called in consultation by the Veterinarians, shall receive five dollars for each day or part of day they may actually be so employed, and ten cents per mile, mileage for the distance actually traveled, which sums shall be paid from the Veterinarian's contingent fund hereafter provided. For this and other incidental expenses, connected with his work, and made his duty by this chapter, such as his traveling expenses, causing animals to be slaughtered and their carcasses burned, and disinfecting infected premises, the veterinarian shall have at his disposal the sum of six hun-

dred dollars, which shall be known as the Veterinarian's Contingent Fund. Before entering on the discharge of his duties, he shall give good and sufficient bond in the sum of five thousand dollars for the proper management of the same. He shall make a sworn statement semi-annually to the Governor, supported by full vouchers of the amount disbursed; and any part of the six hundred dollars not used shall be covered into the state treasury."

**Sec. 203. Claims rejected by veterinarian to be arbitrated.** The state auditor shall pay no claim for indemnity under this chapter which shall have been rejected by the state veterinarian, unless the same shall have been submitted, as hereinbefore provided, to a board of arbitration; and by such board decided to be legal and just. If an claimant shall refuse to submit his or her claim which shall have been rejected by the state veterinarian, to a board of arbitration as hereinbefore provided, such refusal shall be deemed conclusive evidence of a waiver of all claim for indemnity under the provisions of this chapter.

**Sec. 204. Liability of state limited to appropriation.** The liability of the state for indemnity for animals destroyed under the provisions of this chapter, in any two years, is limited by and shall in no case exceed the amount especially appropriated for that purpose and for that period.

**Sec. 205. Quarantine requested.** Whenever any person who is a taxpayer of this state and is the owner of domestic animals located therein, shall notify the state veterinarian that he has reason to believe said animals, or any of them are suffering from any contagious or infectious disease, the said veterinarian shall immediately proceed to the locality where said animals are located and shall investigate and determine the nature of said disease, and if contagious or infectious shall proceed in the manner prescribed by the provisions of this chapter to quarantine and destroy all such diseased animals.

**Sec. 206. Payment of expense.** For the purposes of the preceding section there is hereby appropriated out of any fund in the state treasury, not otherwise appropriated, the sum of five hundred (\$500) dollars per year, or so much thereof as may be necessary, to be known as "the veterinarian's contingent fund" and to be used in paying the actual and necessary travelling and incidental expenses of the state veterinarian while performing the duties herein imposed. Provided, That nothing in this section contained shall be construed to authorize the payment, from the appropriation hereby made, of any expense or charge relating to the office or duties of state veterinarian other than such as immediately pertains to the investigation of contagious and infectious disease of domestic animals, made under the provisions of this chapter.

**Sec. 207. Report to governor.** On or before December tenth, prior to the meeting of the legislature, the state veterinarian shall make a report to the governor of the duties performed by him under the provisions of this chapter and shall include, in said report, a statement, showing the number of requests for his services filed with him during the preceding two years, the number of such requests complied with by him, the names of the persons or corporations making such requests; a full statement of the result of his said investigations, including a statement of the expense of performing the duties herein imposed.

**Sec. 2546. Drover's liability.** Any person who shall drive any herd of horses, cattle or flock of sheep over any portion of any road or highway, so designated as not for horses, cattle or sheep as aforesaid, after such designation and the posting of notices as aforesaid, and after the provision of another reasonable highway for cattle, horses and sheep in lieu thereof as aforesaid, shall be liable to the county in which is situated such mountain road or highway, for any and all damages done thereto, by driving over the same, such flocks or herds of cattle, horses or sheep.

**Sec. 2578. Lawful fences defined.** The following shall be a lawful fence in the state of Wyoming: A fence made of tubular wrought iron fence posts or sound wooden posts and three spans of barbed wire, or two spans of barbed wire with a wooden rail on top, and said posts so used to be tubular wrought iron fence posts, with cast iron base to be twenty-two inches in length, or wooden posts at

least four inches in diameter, set firmly in the ground at least twenty inches deep, either side of said posts, so used, to be placed at no greater distance apart than eighty feet, with iron or wooden stays not more than ten feet apart; a post and board fence made of sound posts, not less than four inches in diameter, set substantially in the ground not more than ten feet apart, with three boards of one inch lumber, eight inches wide, and not more than ten inches apart, or four boards one inch thick and six inches wide, not more than eight inches apart, securely fastened with nails or otherwise, a three-pole fence with round poles, not less than two inches in diameter, at the small end, with either upright or leaning posts, not more than twenty-two feet apart, and securely fastened with nails, wires, or otherwise; Provided, That all other fences made and constructed of boards, rails, poles, stones or hedge plants, or other material except wire, which, upon evidence, shall be declared to be as strong and as well calculated to protect enclosures, and shall be as effective for resisting breaching stock as those hereinbefore described, shall be considered a lawful fence; Provided, That none of the fences above described shall be considered lawful if less than four feet high, except within the corporate limits of an incorporated city or town; and Provided further, That any fence enclosing any hay corral situate outside of any field enclosed by a lawful fence, shall not be less than six feet high and shall be constructed of boards, poles or wire, or partly of boards, poles or wire, and the posts shall not be more than eight feet apart and set twenty-four inches in the ground, and if such fence is constructed of barbed wire there shall not be less than seven spans of wire, and all wires shall be kept properly stretched, and all gates in any of said fences shall be constructed of boards or poles. (L. 1888, ch. 33, No. 1; R. S. 1899, No. 1973.)

**Sec. 2579. Owner defined.** Any person or persons occupying, using, enjoying, maintaining or having the charge of any enclosure, shall be considered the owner thereof, in any action commenced under the provisions of this chapter. (L. 1888, ch. 33, No. 6; R. S. 1899, No. 1974.)

**Sec. 2580. Maintenance of partition fence.** The owner or owners of any lawful fence which may become a partition fence by virtue of being used to enclose some field or lot belonging to some other person, company or corporation, may require any such person, company or corporation to pay for one-half of what it would actually cost to construct that portion of such partition fence, so used by any such person, company or corporation, and in case of refusal any such owner or owners may have and maintain a civil action against any such person, company or corporation so refusing, and shall be entitled to recover one-half of what it would actually cost to construct that portion of such partition fence so used by any such person, company or corporation, and cost of suit. Any such person, company or corporation acquiring an interest in any such partition fence by purchase or otherwise, shall have an understanding with the original owner or owners thereof as to which half of such fence they shall maintain and keep in repair respectively, and each party shall thereafter keep in good repair his portion of such fence and neither party shall abandon his part of such partition fence, or remove the same or any portion thereof, except by giving to the other party at least one year's notice of his intention so to do, or by obtaining the written consent of all parties interested therein. (L. 1888, ch. 33, No. 7; R. S. 1899, No. 1975.)

**Sec. 2581. Damage by breachy animals—Arbitration.** Any person or persons owning or having in his or her or their possession or charge any horses, mules, cattle or any one of such animals which shall breach over or under or breach into any lawful enclosure belonging to any person or persons other than the owners of such animal or animals, shall be liable to the party or parties sustaining such injury for all damages he, she or they may have sustained by reason of such breaching as aforesaid, to be recovered in a civil action before any court having jurisdiction thereof, or by arbitration, each party to select a property holder, and the two arbitrators to select a third, and said arbitrators, before entering upon their duties, shall be first sworn before a justice of the peace, and it shall be the

duty of the arbitrators to carefully examine the fence, its condition, and assess the damage done; the arbitrators shall examine witnesses under oath, one of them to administer said oath to the witnesses; they shall make a written report signed by at least two of the arbitrators, to any justice of the peace in the county in which such damage is sustained. The finding of the arbitration, as provided for in this section, shall, within three days after the same shall have been rendered, be filed with any justice of the peace in the county where said trespass shall have been committed, who shall enter the cost upon his docket and proceed to issue execution therein as in other cases originally commenced before him. (R. S. 1887, Sec. 4185; R. S. 1899, Sec. 1976.)

**Sec. 2582. The board shall exercise an exclusive supervision over, and do and cause to be done all things practicable to protect the sheep interests of the state from theft and disease, and it shall prepare and promulgate in pamphlet or circular form such rules and regulations as it may deem necessary for the quarantining and dipping of sheep infected with scab and all other contagious and infectious diseases, detrimental to sheep, or that have in any manner been exposed to such infectious and contagious diseases, and for the speedy and effective suppression and extirpation of disease among sheep as are not in conflict with the provisions of this enactment. It shall be the duty of the board to devise and recommend from time to time such legislation as shall foster and develop the sheep industry of the state. The board is also given power to subpoena witnesses in prosecutions of alleged violations of this enactment. The board shall convene at least once a year, or as frequently as it shall deem necessary. The manner of the transaction of its business and the duties of its officers shall be prescribed by the board by appropriate by-laws.

**Sec. 2686. Expenses of administration.** It is the duty of the board to audit all bills for expenses incurred in the protection or fostering of the sheep industry incurred un-

(L. 1909, ch. 60, sec. 5.)

**Sec. 2687. Report.** The board must make an annual report, in writing, to the governor, on the thirtieth day of November of each year. Such report must give a complete statement of the transactions of the board during the year. (L. 1909, ch. 60, sec. 6.)

**Sec. 2689. (L. 1909, ch. 60, sec. 8.)

**Sec. 2690. Bond may be sued upon by injured person.** Such bond with the oath endorsed thereon, shall be recorded in the office of the state board of sheep commissioners, and shall also be recorded and filed in the office of the secretary of state, and such bond may be sued upon by any person injured by the unfaithful performance of duty of such inspector, and a copy of said oath and bond certified by the secretary of state shall be received as evidence of its contents in all courts of the state; Provided, however, That where, in the enforcement of quarantine regulations, owners of property are injured thereby, the person, corporation or company responsible for the necessity of such quarantine, and all those exercising ownership over the sheep so quarantined shall be liable for all damages and injuries occasioned thereby. (L. 1909, ch. 60, sec. 9.)

**Sec. 2691. As amended by Chapter 107, Session Laws 1915. Duty of inspector—Scab quarantine.** Whenever, upon examination by a sheep inspector, any flock of sheep, kept or herded in the state of Wyoming shall be found to be infected with scab or any other contagious or infectious disease detrimental to sheep, or that have been exposed in any manner to any such disease, such inspector shall forthwith take charge of and treat said sheep by dipping or otherwise for said diseases, as soon as possible, and within a period of not less than ten days, nor more than fifteen days, immediately succeeding said first dipping or treatment, to again dip such sheep; also to keep said sheep from contact with other sheep by such means as he may specify until such time as such inspector is satisfied of the complete eradication of such scab, or other infectious or contagious disease, and such inspector shall then in writing issue a permit to the owner or controller of said sheep releasing said sheep from quarantine, and such inspector shall have the power to give such notice as in his judgment the conditions in each case may require that such sheep are quarantined within certain limits to be by him fixed and specified, and that such other sheep owners shall not enter upon such quarantine grounds with their flock of sheep until further notice; and should any flock of sheep free from scab or any other infectious or contagious disease enter or intrude upon any ground embraced within the limits set apart for such quarantine, or upon any ground or within any enclosure where infected, diseased or exposed sheep have been, then such sheep shall be subject

to the same regulations and treatment as sheep infected with scab or other infectious or contagious diseases detrimental to sheep. Where sheep must be dipped in the immediate vicinity of said quarantine and no preparations have been made upon the part of the owner or owners thereof to provide suitable dipping works, the inspector is authorized to prepare such dipping works as may be necessary at the expense of the owner. If the said sheep cannot subsist upon range forage until they have been treated, the inspector shall then provide feed at the owner's expense. All expenses for so doing including the expenses and per diem of such inspector as hereinafter provided, for every day or part of a day in which the inspector may be engaged in treating such sheep, shall become and be a lien upon the said sheep until the same is paid and if the same be not paid within ten days after such treatment has been completed, he shall collect the same, together with the costs and expenses of collection, by advertising and selling said sheep, or so many thereof as may be necessary in the manner provided by law for the sale of personal property on execution; provided, however, that no person, company or corporation shall be required to dip a flock of ewes, or any part of them, in which there are ewes with lambs, at any time from the fifteenth day of April until the first day of July in any year, but all such ewes with lambs infected with scab or other infectious or contagious diseases, or that have in any manner been exposed to any such disease, must be held in quarantine and kept separate from sound sheep. It shall also be the duty of the inspector to require the owner or owners of such ewes with lambs while held in quarantine, during the above periods of exemption to spot and hand dress all sheep in the flock that show scab or any infectious or contagious disease, with some of the dips recognized by the Bureau of Animal Industry; and the inspector shall have power to enforce spotting or hand dressing during the periods of exemption above referred to, the same as he has power to enforce dipping at any other period of the year. All sheep which are kept or herded within the limits of the state of Wyoming, shall, between the fifteenth day of April and the thirtieth day of November of each year, be dipped with one of the dips recognized by the Bureau of Animal Industry. Any person, who is the owner of any sheep within the state of Wyoming, violating the provisions of this paragraph shall be guilty of a misdemeanor, and shall be subject to a penalty of ten cents per head for each and every head of sheep not dipped as herein provided.

Any person, company or corporation or any agent, servant or employe thereof, who after the publication of such proclamation shall knowingly receive in charge of any sheep from any of the prohibited districts and transport, convey or drive the same within the boundaries of any county of this state, shall be deemed guilty of a misdemeanor, and shall upon conviction thereof, be punished by imprisonment in a county jail for a term of not more than one year, or by a fine of not more than five thousand dollars, or by both, and further, shall become liable for any and all damages and loss that may be sustained by any person or persons by reason of the importation or transportation of such prohibited sheep; Provided, however, That nothing herein contained shall prohibit the transportation of sheep from such district through the state by railroad trains;

Taking and using property without consent of owner.** Every person who shall unlawfully take without the consent of the owner, any horse, mare, gelding, foal or filly, ass or mule, or any buggy or other vehicle or other personal property from the stable, lot, house, premises or pasture of another, or from a hitching post or rack, or any other place as aforesaid, having been lawfully placed there, with intent to set at large, injure or wrongfully use the animal or vehicle so taken, shall be guilty of criminal trespass, and upon conviction fined in any sum not more than one hundred dollars, or be imprisoned in the county jail for a term not more than three months, or both, and shall also be liable to the party injured in double the amount of damages sustained.

**Sec. 5885. Unlawful appropriation of horse or mule on open range.** Any person who shall wilfully and without the consent of the owner take possession of any horse or mule found running at large upon the open range for the purpose, or with the intent of working, riding or driving the same, where there is no intent on the part of said person to steal the same; or shall drive any horses or mules not his own, off or away from any range where the same may be found, except to the nearest corral for the purpose of separating them from horses or mules belonging to such person, and who shall neglect, after so separating the same, to drive such horses or mules back to the locality where they were found immediately after separating them, whenever such animals have been so driven for more than five miles, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than one hundred dollars, and not less than twenty-five dollars, or im-

prisoned in the county jail not more than three months, or both.

**Sec. 5888. Neglect to close gates.** Every person who opens and who wilfully or carelessly neglects to close gates or replace bars in fences which cross private roads, passing over lands owned or leased by any resident, citizen, company or corporation, shall be guilty of a misdemeanor and on conviction, shall be sentenced to pay a fine of not less than \$5.00 nor more than \$25.00.

**Sec. 5962. Failure of owner to remove or bury dead animal.** It shall be the duty of the owner, or person having charge of any animal which may die in this state, to remove the carcass to a distance of not less than half a mile from the nearest human habitation, or to bury it with not less than two feet of soil over it; and every person failing to remove or bury such carcass for more than forty-eight hours shall, upon conviction, be fined in a sum not more than one hundred dollars. And should such animal be the property or in charge of some person passing through this state, then any peace officer may (without warrant) detain the owner or person in charge of such animal or of the flock or herd from which it died, as soon as such owner or person shall have shown an intention not to so bury or remove said carcass, by removing from it, or removing such flock or herd from it a distance of half a mile or more, a reasonable time, not more than two days, until a warrant can issue upon an information duly sworn to.

**Sec. 5969. Cruelty to animals.** Any person or persons who may be deemed guilty of over-driving or riding, except in cases of sickness or necessity, any mare, gelding, mule or ass, or other domestic animal, or by over-loading the same, or abuse by beating or otherwise punishing the above animals, whereby damage is done or sickness or death may ensue, the said person or persons, upon conviction thereof before any justice of the peace (or any other court of justice) of this state shall be fined not less than twenty-five dollars nor more than one hundred dollars for each and every offense, or imprisoned in the county jail for not less than one month, nor more than three months, or both.

**Sec. 6021. Registration of false pedigrees.** Every person who, by false pretenses, shall obtain from any club, association, society or company for improving the breed of cattle, horses, sheep, swine or other domestic animals, the registration of any animal in the herd register or other register of any such club, association, society or company, on a transfer of any such registration, and every person who shall knowingly give a false pedigree of any animal and thereby injure or defraud any person, corporation or association shall be punished by imprisonment in the county jail for not more than one year, or by a fine of not more than one thousand dollars, or both.
